

Create your own... Cereal Box Elephant!

You will need:

- A cereal box
- Permanent marker
- Scissors
- Tape or glue
- Googly eyes
- Paint

How to make:

- 1** Take a cereal box and remove both the top and bottom flaps, keeping one flap aside to use later.

- 2** Using a permanent marker, draw a half circle at the bottom of the box and cut it out to give your elephant four legs.

- 3 Mark out the elephant's head and ears, using the front and the back of the cereal box.

- 4 Cut out the shape to form the ears and trim along the back ensuring you leave the legs on your elephant.

- 5 Use the leftover flap from earlier as a trunk. Stick it in the middle between the elephant's ears and legs. Be sure to leave enough room for the eyes.

- 6 Decorate your elephant by using grey paint and glue on a set of googly eyes. Finish off by using a permanent marker to draw out the ears and feet to complete the look!
