

How to create your own... Union Jack Paper Chains

GUIDE

- 1** Firstly, colour in the flags above. Refer to the image on the left for guidance. Then cut the flags out carefully by strips.
- 2** Curl the paper back on itself so the two length ends meet and use tape or a glue stick to secure the ends together to create a ring.
- 3** Repeat until you've reached the length of chain that you want (use the sheet below to print out more).
- 4** Finally, hang your paper chain up for your celebration!

Use this sheet to print out more flags for your paper chains!
