

Create your own... Cress Heads

You will need:

- Eggs
- A Sharpie
- Cress seeds
- Cotton wool
- Water

How to make:

- 1** Firstly, remove the tops from the eggs, empty the eggshells leaving the bottom two-thirds of the shells intact. Carefully wash them out.
- 2** Draw a face on the shells with a Sharpie pen and leave them to dry.
- 3** Dip the cotton wool balls in a little water and place 1 ball inside each shell, then sprinkle a small amount of cress seeds onto each one.
- 4** Leave it in a dry, sunny place for a week - a windowsill is perfect. Your cress will start to grow within a few days!
