

How to make

# Paper Towel Art

## STEP BY STEP:

- 1** Take a square of paper towel and fold it in half, cut the paper towel into two small squares, and place one behind the other.
- 2** Take your permanent marker and draw a rainbow on the top layer of the folded paper towel, lift the top layer of the paper towel to reveal that the pen has gone through to the layer below.
- 3** Colour in this outline on the bottom layer with your coloured washable markers (so that colour bleeds when it's put into water).
- 4** Watch closely, it's time for the magic to happen. Place the paper towel into the water. As the water soaks through the two layers of the paper towel the colours from the bottom layer will appear through the top layer of the paper towel making it look as if the colours or images have appeared by magic.

### YOU WILL NEED:

Marker (permanent)  
Coloured washable markers  
Paper towels  
Water in a small tray  
Scissors
