

Create your own... Woolly Sheep

You will need:

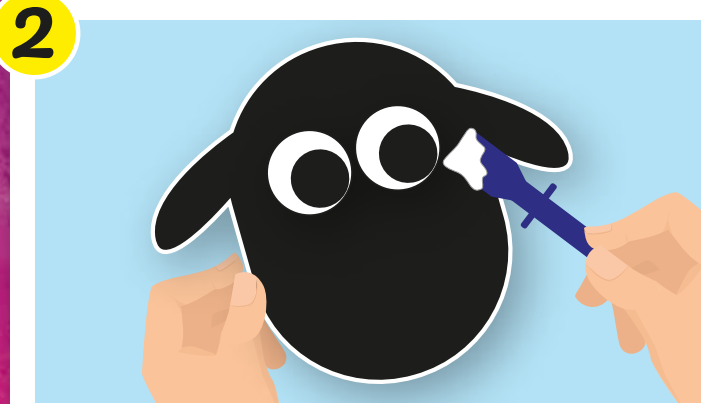

- ☐ Googly Eyes
- ☐ Pom Poms
- ☐ PVA Glue
- ☐ Scissors
- ☐ Black Card
- ☐ An Adult to Help

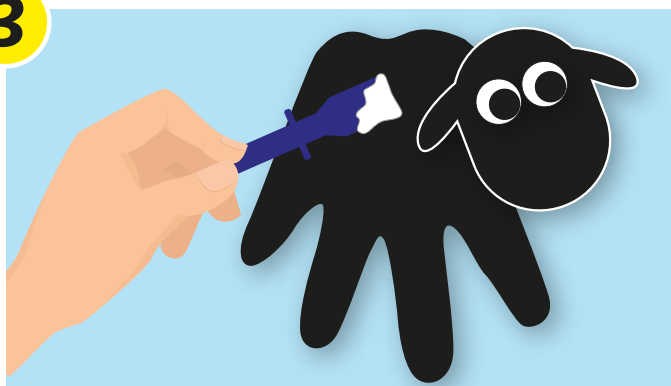

How to make:

First, with an adult to help, draw around your hand on the black card. Cut the shape out using your safety scissors and cut out a sheep's face whilst you're doing this.

Stick googly eyes with PVA glue onto the sheep's face

Then glue this to the thumb of the hand print - make sure fingers are pointing down the for legs.

Finally, attach white pom poms (or cotton wool) as the sheep's fluffy body.
